**When Does Newfound Evidence Overturn a Proved Conclusion by Tom Jones**

**Geoff Rasmussen (to All - Entire Audience):** 8:08 PM: Genealogy Standards:  
<http://bcgcertification.org/resources/standard.html>

**Audience Question:**

**Q:** You mentioned a syllabus, is that something available to webinar watchers?

**A:** Yes, the link to the syllabus is either at the bottom of your webinar control panel, or directly on the registration page at [https://familytreewebinars.com/webinar\\_details.php?webinar\\_id=573](https://familytreewebinars.com/webinar_details.php?webinar_id=573)

**Audience Question:**

**Q:** Tom Jones is great to listen to

**A:** Sure is!

**Audience Question:**

**Q:** Loved - "What a beautiful picture I have made of all these pieces."

**A:** :)

**Audience Question:**

**Q:** My favorite quote from this webinar "Proved" does not mean "final."

Unfortunately in a lot of cases - Lineage societies for instance - "proved" is taken by the family and intermediate historians and Genealogists as "final."

**A:** :)

**Audience Question:**

**Q:** Geoff when you write that last quote down, would you please post it hear. I'd very much like to save that as well.

**A:** I'm going to have to go back to the recording to get it correct...
