Watch Geoff Live: Adding a City Directory by Geoff Rasmussen

Using MyHeritage's new U.S. City Directories collection, I located my great-grandfather in city directories in LaGrande, Oregon, and discovered two incredible-to-me things about him. In this live, unscripted webinar you'll see how I analyze, document, and add the new information to my personal tree in my Legacy Family Tree software. Below is a general summary of the steps we'll follow and a copy of one of the documents we'll use.

Summary of Steps

Following the guidelines in Legacy 9 Unlocked: Techniques, Tips and Step-by-Steps for Using Legacy Family Tree to Record Your Genealogy, below is the summary of steps to add a city directory to Legacy.

- 1. Create the To Do item in Legacy Family Tree and perform the research.
- 2. Set up the Source Clipboard.
- 3. Analyze and add the new data, sourcing as you go, beginning with adding the *Directory* event.
- 4. Add the digital image to the *Directory* event.
- 5. Close/complete the To Do item.
- 6. Plan for future research.
- 7. File the paper document, if applicable.
- 8. Add any appropriate hashtags (such as the occupation listed in the directory).
- 9. Update any online trees.
