### Suggested Relationship Paths: An Inside Look at the Theory of Family Relativity by Ran Snir

#### Audience Question:

Q: I love the auto clusters. Have solved a mystery by using it.

A: Wow, great. I hope you'll tell me more about it...

#### Audience Question:

Q: You can also search by haplo group in that search.

A: Really? Very interesting.

#### Audience Question:

Q: So far this is MOST HELPFUL as I'm just getting started really with MyHeritage! Been paying member for over a year but just a minimal tree on there and now I'm ready to use it to it's full extent!

A: Great!!

#### Audience Question:

Q: I absolutely LOVE this triangulation feature - VERY useful. Thank you!

A: Totally agree!

#### Audience Question:

Q: Does the Theory of Fam Relativity only appear on the match page if both subjects have trees?

A: It will also connect through historical records. I think he has an example that will show this.

#### Audience Question:

Q: Unbelievable presentation and explaining of this!

A: Agree!

#### Audience Question:

Q: Do you have to be a paying member for the Theory?

A: I'll be sure to ask this of Ran in the Q/A if he doesn't answer it before then.

#### Audience Question:

Q: This webinar is just blowing my mind! This is amazing ..... what a useful and exciting webinar.

A: :)

#### Audience Question:

Q: Seems to be very well thought through and implemented, not brought out before it was ready!

A: Also agree

#### Audience Question:

Q: Why would data from a US Census only rate a 20% confidence?

A: Probably would need to click on that percentage icon and you can see more about it.

#### Audience Question:

Q: Very well organized and thought out. Love good programmers who think thru everything.

A: :)

Audience Question:

Q: Great choice of name!

A: :)

Audience Question:

Q: finally all of those endless acceptance of other records pays off!

A: ;)

Audience Question:

Q: Love the Auto Clusters.

A: :)

Audience Question:

Q: Now I'm beginning to get an idea of how to make better use of this site! I had uploaded my DNA and made a basic pedigree chart, but I really hadn't looked at the site. Now I will be using it!

A: Great!!

Audience Question:

Q: Wow, Amazing!

A: :)

Audience Question:

Q: Hi, a great theory. Are you able to absorb feedback and react to this to allow improved theories ongoing. Can you allow an accept/reject or uncertain button at least

A: Lots have asked about this. I'll be sure to ask this of Ran in the Q/A.

Audience Question:

Q: Will there be a possibility at any point, to be able to change the min and max cM amounts before requesting the auto-cluster report ?

A: Others have asked this also. I'll be sure to ask Ran in the Q/A if he doesn't answer it before then.
