No Purchase Necessary Free Genealogy Tools for Your iPad-iPhone by Devin Ashby

Audience Question:

Q: One Note

A: ...

Audience Question:

Q: lucidchart

A: ...

Audience Question:

Q: Scannable

A: ...

Audience Question:

Q: Scanner Pro

A: ...

Audience Question:

Q: Trello

A: ...

Audience Question:

Q: photoscan

A: ...

Audience Question:

Q: Magic Eraser

A: ...

Audience Question:

Q: One note

A: ...

Audience Question:

Q: No syllibus?

A: No

Audience Question:

Q: Is the webinar available to viewers today or do you have to be a paid member of legacy 😊

A: This webinar will remain free in the library always. There is no handout for today's webinar.

Audience Question:

Q: Thank you Devon! I was hoping you would cover, or I could adapt to, android.

A: :)

Audience Question:

Q: Heredis has an excellent mobile app if you are using it

A: ...

Audience Question:

Q: Wunderlist is the best!

A: ...

Audience Question:

Q: Find A Grave app is a must for photo crowdsourcing and GPS navigation.

A: ...

Audience Question:

Q: Love Goodnotes and Procreate, but they are not free

A: ...

Audience Question:

Q: MemoryWeb for photos

A: ...

Audience Question:

Q: I still use paper maps - at home

A: :)

Audience Question:

Q: Yikes

A: Indeed

Audience Question:

Q: There are many newer studies about how even college students retain better information when using notes with pen and paper!

A: ...

Audience Question:

Q: Emojis? Are we goingg back to pictograms?

A: lol

Audience Question:

Q: Love NOTES!

A: ...

Audience Question:

Q: Keep Notes and Samsung Notes is what I use

A: ...

Audience Question:

Q: Voice to text is a lifesaver

A: ...

Audience Question:

Q: All of my Notes suddenly disappeared! Hoping I can restore them from my iPhone backup on iTunes.

A: oh no

Marian Pierre-Louis (to All - Entire Audience): 2:19 PM: Apps for taking notes: Notes (native to iPhone)

Marian Pierre-Louis (to All - Entire Audience): 2:20 PM: Apps for taking notes: Evernote. Evernote in the Legacy Library <https://familytreewebinars.com/evernote>

Audience Question:

Q: With speech to text on iOS, it learns better as you use it more

A: good to know!

Audience Question:

Q: NOTES also has a scan document feature

A: ...

Audience Question:

Q: I use Evernote for taking notes in webinars

A: good :)

Audience Question:

Q: Guest books are still a thing ! 🙄

A: :)

Marian Pierre-Louis (to All - Entire Audience): 2:23 PM: Apps file storage: Google Drive

Marian Pierre-Louis (to All - Entire Audience): 2:25 PM: Apps for file storage: Dropbox

Audience Question:

Q: Non profits can get google drive accounts for each of their board members - email and 30G of storage for free!

A: ...

Audience Question:

Q: I have created Google Photos Albums as well.

A: ...

Audience Question:

Q: Don't trust online storage any more than physical storage! "They" can do a lot of things against your account. They can loose service as well.

A: ...

Audience Question:

Q: I thought I heard that Google is eliminating Google Drive or is it just Google Docs.

A: I believe it is just Google Drive that is going away.

Audience Question:

Q: You should always have more than one location for backup.

A: yes for sure

Audience Question:

Q: Nooooooooo!

A: I don't know anything about Google Drive so maybe I don't have the full story. More research is needed. I'm just Googling quickly.

Audience Question:

Q: If you are a Amazon Prime Member you also get storage for Photos

A: ...

Audience Question:

Q: Google is eliminating Google Plus - only

A: That sounds better!

Audience Question:

Q: Neither Google Docs or Google Drive is going away. They are shutting down Google+ and their communities.

A: ah. thanks.

Audience Question:

Q: I not sure about Google Photos I remember when Picasa then Google took it away.

A: I feel your pain!

Audience Question:

Q: I keep all documents on external drive — and online at iDrive

A: ...

Marian Pierre-Louis (to All - Entire Audience): 2:33 PM: App by Google Photos: PhotoScan

Audience Question:

Q: Use the 3 2 1 rule: from Wikipedia: The 3-2-1 Backup Rule. The 3-2-1 backup rule is an easy-to-remember acronym for a common approach to keeping your data safe in almost any failure scenario. The rule is: keep at least three (3) copies of your data, and store two (2) backup copies on different storage media, with one (1) of them located offsite

A: ...

Audience Question:

Q: Not sure now where I saw this tip, but someone shared that they take a picture of the town sign before entering and then take another picture of the town sign when exiting and then they know those photos were ALL taken within that town. You could do the same thing with cemeteries.

A: Yes, I do that with cemeteries

Audience Question:

Q: Works great - set your location too and then you know where you took the photo.

A: ...

Audience Question:

Q: DropBox has just changed their policy knowledge the free version to limit the number of devices that can be connected. All current devices are O.K. but if you replace one as I just had to you will not be

able to add it until you delete others..

A: thanks

Audience Question:

Q: Loved Picasa.:(

A: :)

Audience Question:

Q: PhotoScan is great. Just started using it.

A: ...

Audience Question:

Q: Photomyme is better.

A: ...

Audience Question:

Q: Ithe message on the bottom of my iPad moves too quickly for me to see it before it disappears...can you slow it down pls?

A: I can't control the speed in your app unfortunately. You can grab the chat log in a day or so from the Legacy library.

Audience Question:

Q: Use a free scanning app on your phone to digitize photos and documents. Then you can save them to Dropbox or wherever. Scanner Pro is great!

A: ...

Audience Question:

Q: I keep them all on my phone, and it's a nightmare haha

A: wow!

Marian Pierre-Louis (to All - Entire Audience): 2:37 PM: "Best camera you have is the one in your pocket"

Marian Pierre-Louis (to All - Entire Audience): 2:38 PM: I agree. Phone video is so easy and good quality.

Audience Question:

Q: How much space can you get for free from Google Photo?

A: This is really the only thing I found:

<https://www.quora.com/What-is-the-storage-capacity-of-Google-Photos>

Marian Pierre-Louis (to All - Entire Audience): 2:40 PM: I think iMovie is native to IOS. There is probably an Android equivalent.

Audience Question:

Q: No, I paid for iMovie before it was free

A: bummer

Audience Question:

Q: Yes, iMovie is native on new mobile Apple devices.

A: ...

Marian Pierre-Louis (to All - Entire Audience): 2:41 PM: Anyone use Office Lens for photos? If so, how do you like it? -asking for Char

Audience Question:

Q: There are hardware devices you can play a tape and record it to the hard drive

A: ...

Marian Pierre-Louis (to All - Entire Audience): 2:42 PM: Free audio software called Audacity - <https://www.audacityteam.org/>

Audience Question:

Q: I think Google photos storage is unlimited at lower resolution for free, but costs after a certain amount of storage at higher resolution.

A: ...

Audience Question:

Q: What was the free tool that he just mentioned for digitally recording audio on your laptop?

A: Free audio software called Audacity - <https://www.audacityteam.org/>

Audience Question:

Q: I've used office lens for scanning, and don't think quality great

A: thanks

Audience Question:

Q: I sure wish I had done that while my Father was alive :(

A: :(

Audience Question:

Q: Google 'best cassette to to mp3' converter.

A: thanks

Audience Question:

Q: what a great story and wonderful idea thank you

A: :)

Marian Pierre-Louis (to All - Entire Audience): 2:45 PM: Family Tree App by FamilySearch

Audience Question:

Q: And if his grandpa didn't have a print photo album that would not have happened.

A: ...

Audience Question:

Q: CamScanner does a pretty good job

A: ...

Marian Pierre-Louis (to All - Entire Audience): 2:46 PM: Video tool: Adobe Spark
<https://spark.adobe.com/>

Marian Pierre-Louis (to All - Entire Audience): 2:47 PM: Adobe Spark is available on Google Play as well as IOS

Marian Pierre-Louis (to All - Entire Audience): 2:48 PM: Pic Story

Audience Question:

Q: Adobe Spark or Adobe Smart?

A: Adobe SPARK

Audience Question:

Q: Will this chat also be available when the video is uploaded to the webinar pages?

A: No, a few days later.

Audience Question:

Q: I have JUST installed it on my Android! :-)

A: :)

Audience Question:

Q: If you go to www.familysearch.org/discovery you can compare your photo to your ancestors and it tells you how much of a percentage you look like that ancestor. You do have to type it in though, it is not readily visible from just the regular URL.

A: cool

Audience Question:

Q: Pixstori

A: Ah - I'm winging it here! :)

Marian Pierre-Louis (to All - Entire Audience): 2:50 PM: Ancestry has an app

Marian Pierre-Louis (to All - Entire Audience): 2:50 PM: Should have been PixStori - <http://www.pixstori.com/>

Marian Pierre-Louis (to All - Entire Audience): 2:50 PM: FamilySearch Family Tree app

Marian Pierre-Louis (to All - Entire Audience): 2:52 PM: Billion Graves cemetery app

Audience Question:

Q: If you send an adobe spark file to share, will the person you are sending it too have to download spark to be able to view it?

A: No, I don't believe so. It's just like watching any movie or image on the web.

Audience Question:

Q: I had tried the ancestry app on my android, and was very unimpressed; I could only look at what I already had. I don't know if they've improved it, but I haven't tried it again over a year later.

A: Maybe check to see if you have the most up to date version.

Audience Question:

Q: Even if you don't use Heredis on your desktop, try the Heredis app. I think it is very straight forward and easy to understand. Just upload a GEDCOM from wherever you keep your tree. For both iOS and Android.

A: ...

Marian Pierre-Louis (to All - Entire Audience): 2:53 PM: Google Translate app

Audience Question:

Q: Ancestry for all trees, dna matches, green leaves, search for names, perfect app.

A: ...

Audience Question:

Q: PicMonkey

A: ...

Audience Question:

Q: can you upload recordings from your phone to Legacy?

A: Legacy doesn't have a mobile app. But the Families app does work with Legacy.

Audience Question:

Q: I survive on google translate for my Russian ancestry

A: :)

Audience Question:

Q: Just going to say Google Translate!

A: :)

Audience Question:

Q: You can transcribe in Cyrillic and Latin alphabet

A: ...

Audience Question:

Q: WOW, learning about Google Translate is worth the time of this webinar all by itself. Thanks

A: :)

Audience Question:

Q: find A Grave

A: ...

Audience Question:

Q: Isn't the Legacy app still the Families app?

A: yes

Marian Pierre-Louis (to All - Entire Audience): 2:58 PM: <https://familytreewebinars.com/devinashby>

Audience Question:

Q: There is an App, SeeingAi for the blind or poor sight.... it reads what it sees to you...

A: ...

Marian Pierre-Louis (to All - Entire Audience): 3:17 PM: Free audio software called Audacity -

<<https://www.audacityteam.org/>>

Audience Question:

Q: I record my cassette tapes using my old player and my cell phone recorder. Then download to my computer and they are usable for anything you want.

A: ...

Audience Question:

Q: I have a device that connects via USB which accepts cassette tapes and makes them easy to load into audacity - only Windows, not iOS of any kind. Not sure if still available

A: ...

Audience Question:

Q: If you have Amazon Prime you also get unlimited photo storage at full res

A: ...

Audience Question:

Q: 10 best voice recorder apps for Android

<https://www.androidauthority.com/best-voice-recorder-apps-for-android-615332/>

A: ...

Marian Pierre-Louis (to All - Entire Audience): 3:22 PM: Save the chat log!
