Better Together: Making Your Case with Documents and DNA with Patti Lee Hobbs

Geoff Rasmussen (to All - Entire Audience): 8:20 PM: http://isogg.org/wiki/Autosomal_DNA_statistics

Audience Question:

Q: Hi from Toodyay Western Australia :)

A: Hi!

Geoff Rasmussen (to All - Entire Audience): 8:35 PM: www.ysearch.org

Audience Question:

Q: When you need a DNA test for a descendent on a case you are working on for a client -- who pays for that test? Is that just added to the client as part of the case cost?

A: Several others have asked this too. I'll be sure to ask it of Patti in the Q/A.

Geoff Rasmussen (to All - Entire Audience): 8:52 PM: The Researcher's Guide to American Genealogy by Val Greenwood

Geoff Rasmussen (to All - Entire Audience): 8:53 PM: Mastering Genealogical Proof by Tom Jones

Geoff Rasmussen (to All - Entire Audience): 8:53 PM: Evidence Explained by Elizabeth Shown Mills

Geoff Rasmussen (to All - Entire Audience): 9:08 PM: Evernote

Audience Question:

Q: Was that Directory Companion she mentioned??

A: "Charting Companion" was the software she mentioned.

Audience Question:

Q: Friend of mine used an agency where he signed up with all the information he knew about his birth. He was lucky as his biological mother had used the same agency to find him. The agency then contacted both and they agreed to meet. Was a happy ending.

A: Great!

Audience Question:

Q: Tom Jones' Greenfields article was included in a DAR submission and it was rejected. The DAR said they only accept 37/37 Y-DNA and no other DNA as evidence.

A: Wow, interesting...

Audience Question:

Q: Isn't Family Tree DNA the only one that tests Y DNA and Mitochondrial DNA?

A: Yep

Audience Question:

Q: Y-37 may be enough. Blaine Bettinger has written about this.

A: Interesting...

Audience Question:

Q: On my deceased husband we weren't getting any results up to 67 and finally we got a couple of good hits on 111 and the group admins. got involved.

A: Interesting...

Audience Question:

Q: However if you have tested at AncestryDNA prior to May 2016, with the Version 1 test, it will transfer to Family Tree DNA and My Heritage DNA completely.

A: Thanks

Audience Question:

Q: Testing Strategy - Should I Test at Ancestry and Transfer to Family Tree DNA?

Roberta Estes December 4, 2017
