Genealogy for Advanced Users: Grow Your Family Tree Online

Audience Question:

Q: I also love my membership. Whenever I get stuck on my research I turn to Legacy and 90% of the time there is a webinar to watch and learn. If not, then I can suggest one for the future. Good job to all the Legacy people, especially Geoff.

A: :)

Geoff Rasmussen (to All - Entire Audience): 2:04 PM: Here's the link to the webinar on PedigreeMap: https://familytreewebinars.com/download.php?webinar_id=498

Audience Question:

Q: Many of these items can be done with Legacy Family Tree, especially when the Geo map feature is fixed.

A: Right. There are some neat things here too. I love the Heat Map.

Audience Question:

Q: Would 'solo' show migration of a person in the mapping section?

A: yep

Geoff Rasmussen (to All - Entire Audience): 2:11 PM: LOVE the Sun Charts!

Audience Question:

Q: Where do I find it?

A: MyHeritage.com > Family Tree > Print Charts > Sun Chart

Audience Question:

Q: Is Sun chart covered in prior webinar?

A: I don't think so.

Audience Question:

Q: I'm assuming you'll need to have your tree uploaded to use any of these tools?

A: Yes, that's right.

Audience Question:

Q: This seems like another commercial for My Heritage. It would be good if in the library you would say that this is for the My Heritage program.

A: It actually does say that. These Tuesday webinars are the MyHeritage Webinar Series so therefore these webinars are going to focus on MyHeritage.

Audience Question:

Q: Do you have to have a subscription to My Heritage to use the Sun Chart and Tree Consistency Checker?

A: You can have up to 250 people in a free tree. After that there are different subscription levels with unlimited people.

Audience Question:

Q: last time I used consistency checker I had 4 pages to check and change..

A: Not bad! :)

Audience Question:

Q: The next brother or sister named after a deceased sibling seems to be done quite often in my German ancestral family.

A: yep

Audience Question:

Q: What nice features. Mine was pretty good 35 issues of 972 people. Between Legacy and this feature, I need to do some correcting.

A: :)

Audience Question:

Q: I have several relatives who have similar names, but the first one had died and the next one was named soon afterwards.

A: This happens a lot with my German ancestors.

Audience Question:

Q: Sounds similar to Legacy's potential problems report.

A: Correct.

Audience Question:

Q: Will there be a sync coming for Legacy to MyHeritage soon?

A: Yes, that will be an optional tool in Legacy's next release.

Audience Question:

Q: Too bad integration not available to all.

A: Maybe that's where it's starting as it's being tested/developed.

Geoff Rasmussen (to All - Entire Audience): 2:36 PM: Horray! Pedigree Tree view at MyHeritage!

Audience Question:

Q: I would like to see the process of accepting a SmartMatch in MyHeritage. I am bothered by accepting "unseen" a whole bundle of "someone else's" relations.

A: We have a webinar planned for this:

https://familytreewebinars.com/webinar_details.php?webinar_id=806

Audience Question:

Q: I am thrilled to see that Pedigree View is coming!

A: Me too. I think it's available right now for a certain percentage of MyHeritage members, to be released to all very soon.

Audience Question:

Q: Wonderful!

A: Agree!

Audience Question:

Q: Will this webinar be archived for viewing again?

A: Yes, it will be in the Webinar Library section at www.FamilyTreeWebinars.com within 1-2 hours after the live webinar concludes.

Audience Question:

Q: Is this only for LDS members?

A: No

Audience Question:

Q: Then I missed how to access this "view"

A: Upper right in the Family Tree view. It's not yet available to all 100% of users but is being rolled out slowly. I happen to have it in mine...

Audience Question:

Q: What are those red circles on this pedigree view?

A: They are an indication that that couple appears more than once in the pedigree view.

Audience Question:

Q: Mega thanks for pedigree chart.

A: Agree

Geoff Rasmussen (to All - Entire Audience): 2:43 PM: Ancestral Birthplaces - wow - cool!!

Audience Question:

Q: That is GREAT!

A: :)

Audience Question:

A: It's whatever you've recorded as their birthplace.

Audience Question:

Q: Ancestral Birthplaces is awesome!

A: :)

Audience Question:

Q: They should work out a deal that we could use the Family Search integration without an LDS account, but we would not get the free memberships maybe.

A: Right, I'm sure it will work out great for everyone as time goes along.

Audience Question:

Q: Wow, you're a brave man, Geoff! Promoting your mom to site manager!

Audience Question:

Q: Geoff, Were you removed as site manager?

A: I don't think so...
