**Getting Started with Evidentia by Edward A. Thompson**

**Geoff Rasmussen (to All - Entire Audience):** 2:07 PM: Rootspersona - plugin for Wordpress

**Audience Question:**

**Q:** Already this has helped!

**A:** Great!

**Audience Question:**

**Q:** would it be rude to ask how this is an improvement over using the Legacy function of sharing a sourced event?

**A:** Not at all, but as he goes along, I think we'll see how it compliments Legacy. For example, seeing all of the evidence on the one screen like he just demonstrated.

**Audience Question:**

**Q:** Legacy subscribers should watch Judy G. Russell's superb webinar on Negative Evidence. Highly highly recommended. [https://familytreewebinars.com/download.php?webinar\\_id=509](https://familytreewebinars.com/download.php?webinar_id=509)

**A:** Yep, it's a good one.

**Audience Question:**

**Q:** I purchased Evidentia software and the book earlier this year so am REALLY appreciating this clearly presented overview. Edward has a good tonal voice and rate of speaking. I can tell he is a good programmer as well as presenter.

**A:** :)

**Audience Question:**

**Q:** Did anyone else scan his tree just in case there is a possible relative?

**A:** :)

**Audience Question:**

**Q:** I just love when this happens to a 'professional.' Makes me feel so much better!

**A:** :)

**Audience Question:**

**Q:** when exporting from Evidencia to Legacy in real life would you always create a new family file and then merge or would you import directly to the appropriate family file?

**A:** I like how he's doing it, where he imports it into a new family file, and then later he can merge/import.

**Audience Question:**

**Q:** I can't wait until this Labor Day weekend to work on this!

**A:** You're going to wait??? :)

**Audience Question:**

**Q:** Oh my! I may have to watch this one over and over and over! There's so much to learn.

**A:** So should I have pressed the "RECORD" button?

**Audience Question:**

**Q:** LOL!!! I see that 'red little dot!' Hope it really is working because I need it to!

**A:** :) The recording will be up a little later today.

**Audience Question:**

**Q:** I'm always glad to know that I can go watch it as many times as I want. I took advantage of the 'special sale' recently...so glad that I could. Thank you so much!

**A:** Great!
