**A:** Thanks!

**Audience Question:**

**Q:** I'm in the middle of the Boston University course, and this webinar couldn't have come at a better time--we're nearly at the end of the evidence analysis module. I took a break from writing my third evidence analysis assignment to join this webinar, and I found myself editing/making notes on my paper while I listened. Thanks so much Angela!

**A:** :)

**Audience Question:**

**Q:** David Rensher is here at GRIP - and spoke about this the other night. FamilySearch is in the process of digitizing all the films (supposedly they will be all digitized by 2020) and they will be available on familysearch.

**A:** Thanks!
